

JORDAN SPRINGS BUSINESS DIRECTORY

.....
FEBRUARY 2017

WELCOME TO
JORDAN SPRINGS,
WHERE BUSINESS
BELONGS

This award winning, master planned community situated just seven kilometres from Penrith city centre is nestled around a 900ha regional park. It represents a beautiful new address for this popular area. Upon completion, Jordan Springs will have approximately 4,800 homes for around 13,000 residents.

Thanks to the dedication and persistence of those moving to Jordan Springs a vibrant business community has developed that is keen to support each other in their growth journey. Jordan Springs has everything from photographers to personal trainers and importers to business services. All of which are keen to grow and support other local businesses.

To assist the business community, the project team at Lendlease established Local Business Connections. This initiative has been running for the last five years and provides small and home based businesses with the opportunity to engage with like-minded business people who share common values and goals. It is a way of facilitating the sharing of ideas in a friendly and focused manner.

Currently members of Local Business Connections are branching out, keen in their quest to make new linkages and learn from other businesses who have taken their businesses from home offices to award winning organisations. This directory is just one of the initiatives that Local Business Connections has instigated to help connect with members of the Jordan Springs community and wider business network.

We hope that you find it beneficial to know what businesses are operating in your local area. If you live in Jordan Springs and run a business or, operate a business in Jordan Springs and would like to get involved with Local Business Connections please contact the Jordan Springs Sales and Information Centre on 1800 086 656 who will be more than happy to discuss the benefits of getting involved.
