

Settle for the Best, at Blakes Crossing.

I have not been in contact for a while, so I wanted to share with you our wonderful news. Blakes Crossing recently scooped the pool at the UDIA awards for Best Masterplanned Development, Environmental Excellence and Marketing Excellence in South Australia.

And to top it off, it won the prestigious President's Award having demonstrated outstanding achievement and the highest standard of practice across important aspects of urban design.

Blakes Crossing is thrilled with its recognition following innovative and customer led approaches to create the community it is today.

"At Blakes Crossing our team has created a place with the ideal mix of country tranquillity and urban convenience that people feel a part of and aspire to call home."

"Our passion for planning for the next generation has seen the implementation of important sustainable infrastructure along with community amenity. Plus our strategy to implement a range of different housing choices provides a wide range of quality, yet affordable home options to meet the diverse lifestyles, needs and budgets of people and families of all ages."
