

Skilling & Employment

Construction Initiative

The Lendlease Skilling and Employment Construction Initiative offers FREE recruitment services and training pathways to both jobseekers and employers alike. Under the initiative we have built, and continue to build, a network of employers whilst identifying and sourcing the skills needed to support the growth in Western Sydney's construction sector. Job seekers are provided with opportunities into civil construction, trade services and apprenticeships as well as gaining access to industry training.

For Employers

Unlike traditional recruitment services we are completely free of charge, and whilst this is a major point of difference, our Construction Employment Initiative is managed by a highly experienced team who collectively have over 50 years' experience in the employment industry. We leverage from a number of sourcing methods and connections to help you find the best available, and appropriately skilled, job seeker for your vacancies.

For Jobseekers

Utilising our knowledge of both the construction industry and the employment market we are able to refer job seekers to a number of options and career opportunities within one of Western Sydney's biggest growth sectors. In addition we have a number of connections with a variety of training organisations, so whether you are new to the industry and seeking to upskill, or you're an experienced individual looking for long term work we can help.

For more information on how we can help you or your business please contact our Construction Employment Advisor, Jamie Petschy on (02) 9673 1225 or Jamie.Petschy@lendlease.com
