# Where the bush meets the bay

Shoreline’s master plan embraces the best elements of a bayside lifestyle and aims to restore balance to modern living. It creates a place of stillness to retreat to, a sense of calm that feels natural and necessary. An antidote to chaos – and a place that is still deeply connected to everything that is important.

Here, you can take in the expansive views of Moreton Bay and the sounds of birds flocking to the bush. It’s the smell of salt air, the sensation of a sea breeze, the shade of the towering fig trees. A harmonious blend of nature and neighbourhood, where boardwalks and adventure playgrounds make the most of their natural setting. And where everyone feels welcome and safe, with the local shops and school just a short walk away.
